

# Marshall Morse

(925) 297-9473

[marshmorse@gmail.com](mailto:marshmorse@gmail.com)

[marshmorse.com](http://marshmorse.com)

Highly motivated and hardworking computer science student looking for new grad software development opportunities. All **projects** I've worked on can be found on my website!

## EXPERIENCE

### CruzHacks - UCSC, Santa Cruz, CA

January, 2019

Developed and deployed an Amazon Alexa skill called Outfit Check! Developed matching feature in Node.js using Amazon's serverless Lambda backend.

### Collectively Reading Group - UCSC, Santa Cruz, CA

2018

Analyze and research human computer interaction papers.

### Software Engineering Intern - Live Action, Walnut Creek, CA

June 2018 - September 2018

Fixed bugs. Built a netflow decoder plugin in C++ that decoded netflow packets. Contributed to their web application written in React.js.

### Assistant Lacrosse Coach - Acalanes High School, Lafayette, CA

Spring, 2018 - PRESENT

Work on diverse range of projects to help community.

## EDUCATION

### University of California Santa Cruz, Santa Cruz, CA — 2018 - 2020.

*B.S. Computer Science*

### Diablo Valley College, Pleasant Hill, CA — 2016 - 2018.

### Carthage College, Kenosha, WI — 2014 - 2016.

## RELEVANT COURSEWORK

Abstract Data Types

Intro to Algorithm Analysis

Intro to Graphics

Comparative Programming Languages

Computer Architecture

Computational Models

Web Applications

Machine Learning

## SKILLS

HTML/CSS, C++, C, Java, Node.js  
openGL, Python, Javascript, Git,  
react.js, OOP.

Photoshop, Illustrator, UI/UX,  
Responsive Design.

Communication, Leadership.

## AWARDS

### Eagle Scout

**3.3 GPA**
